

Impact of pricing rules for retail payments: Need for a revision?

12:30-14:30 | 4 February 2020 | CEPS, Place du Congrès 1, 1000 Brussels

In 2015 the EU agreed ambitious price regulation on retail payments. Most importantly, the Interchange Fee Regulation (IFR) limited the interchange fees and put a ban on surcharges for most payment transactions under the Second Payment Services Directive (PSD2).

During this CEPS-ECRI lunchtime meeting the impact of the price rules on the retail payment sector will be discussed as well as whether there is a need for any revision of these rules. Moreover, a new CEPS-ECRI paper on the same topic is presented.
